Due to concerns over COVID-19, the Town of Moultonborough Police Department has made the following operational changes in an effort to limit exposures to our employees. If you have a non-emergency, the police department is requesting that citizens and guests to the Town of Moultonborough call 603-476-2305 or 603-476-2400 and speak with a dispatcher first before coming into the police station. Depending on your need, the dispatcher will assist you and then if needed transfer you over to an officer if immediately available. If an officer is not immediately available, the dispatcher will take a callback number and an officer will call you back as soon as possible. Once the officer returns your call, the officer will then determine whether the complaint can be handled over the phone or in person. The police department is also suspending fingerprinting services, unless there is an urgent need, until further notice. The police department and fire department has also suspended the use of the Mel Borrin Training Room at the Town of Moultonborough Public Safety Building for public use until further notice. These changes will not affect the police department's response to emergencies or how we patrol the community. The police department will also be checking in daily with citizens in our Good Morning Program; however if you know of anyone that might need assistance, please let us know so that we can make arrangements to check in on them and assist them as needed. The police department apologizes for any inconvenience these changes might cause, but they are temporary and are necessary to limit exposures to our limited staff. If anyone has any questions or concerns, please feel free to reach out to me or any member of the Moultonborough Police Department.

Thank you again for your understanding,

Sergeant Peter W. Beede, Jr.
